- bureaucracy is abolished
- there is only **1**: each person got naturally an account in the central bank
- obtains, out of the global fiscal amount of social product, **1000 €** monthly/ *mediating set for location-based natural fuel, acclimated cave, internet and sustainable transportation*
- ending year, everybody accounts, what s/he has spatiotemporally done, and the dibts (*if*) brought in:
- every financial transaction+ *asset* on every account is taxed by **0,1 %**

outcome by means of this unconditional individual basic income:
